TERMS OF SALE  
(Please Read Carefully)

1. BIDS BY MAIL, PHONE OR TELEX will be accepted until the closing date. All phone bids must be confirmed in writing on a bid sheet. Bids are treated as LIMITS. Bids are reduced where competition permits to within 5% of the second highest bid. In the case of tie bids, the first received is normally given preference. No "buy" or unlimited bids are accepted. Bids are accepted by lot number only. No lots are broken up. Bids are only executed in even dollar amounts.
2. This sale is NOT an approval sale. All material offered is guaranteed genuine and as described. Careful examination has been made of every lot by experts. Cataloging errors will be cheerfully and promptly corrected. FLOOR BIDDERS MAY NOT RETURN ANY LOTS including those purchased while acting as agents. All claims for adjustment by other bidders must be made within five days of receipt but in no case more than 45 days after a sale. After that time, we will have made settlement with our consignors. As the auction house acts as an agent for various consignors, NO CLAIMS OF ANY KIND can be considered after settlements have been made. If a claim is not made within this 45 day period, no lots are returnable for any reason at any time. If we are notified prior to our settlement date that an opinion of condition, alteration or authenticity is being sought, the matter will remain open until such opinion is rendered. Lots are not shipped until paid for. Therefore, late payment will negate a return privilege. Any returned lot must be in its original holder with seal intact.
3. Successful bidders are required to pay the full invoice amount before lots are delivered. Previously established lines of credit, at the sole option of the auctioneer, may not be honored unless arrangements for this sale have been specifically agreed to in writing by the auctioneer. Please contact us in advance if you have any questions regarding your purchasing plans. First rate credit references or a 25% deposit are necessary to insure entry of your bids. Any portion of such a deposit not used will be promptly refunded after the sale.
4. All auction lots will have a buyer's fee of 10% which is waived on invoices paid in full within 30 days of the sale closing date. Floor bidder accounts must be settled on the day of the sale to obtain the waiver of the buyer's fee and delivery of lots unless specifically waived in writing by the auctioneer prior to the sale. Additionally, 1½% monthly interest is charged on all accounts 30 days past due calculated from the sale date. If any awarded lots are still on hand without a deposit 30 days after a sale, they will automatically be offered to the underbidders or relisted in the next available sale. The difference in price will be billed to the former top bidder. Late payers should not expect to receive future catalogs.
5. TERMS OF THIS SALE ARE STRICTLY CASH AND MUST BE PAID PROMPTLY IN U.S. FUNDS. Payment should be made immediately upon receipt of the invoice. Payments from foreign accounts must be made in U.S. Dollars by International Check drawn on a U.S. bank or by wire transfer to the account of Joseph L. Lepczyk, c/o East Lansing State Bank. As a convenience and for immediate shipment, invoices may be charged to VISA or MasterCard accounts provided the purchaser agrees to pay an additional 2½% handling charge. Please supply account number, signature and expiration date at the bottom of your Bid Sheet.
6. POSTAGE, INSURANCE and HANDLING FEES are added to ALL SHIPMENTS. A handling fee of \$1 per lot or \$3 per bulk lot is added to all postal shipments. All lots to be mailed to addresses not in the United States of America or its Territories, are charged an additional 1% insurance fee unless insurance is provided by the bidder. Overseas bidders must supply full detailed shipping instructions and agree to all terms as listed herein before shipment is made. We normally use registered air mail with return receipts and green custom tags on overseas shipments.
7. SALES TAX will be collected under the laws of the state in which the sale is conducted unless a valid resale number is presented.
8. TITLE TO ALL LOTS REMAINS WITH THE AUCTION HOUSE until payment in full is received. The auction house reserves the right to accept or reject any or all bids at its discretion. Generally, bids below 50% of estimate will not be accepted. By placing a bid in this sale, you agree that this agreement is made in Michigan by the auction house's entry of your bid, and that disputes concerning the agreement shall be decided by the application of Michigan law. In the event of a dispute or nonpayment, the auction house may elect to proceed judicially, in which case the bidder consents to jurisdiction and venue in the courts of Ingham County, Michigan. If an account is referred to an attorney for collection, the buyer agrees to hold the auction house harmless and to indemnify it for all costs of collection, including actual, reasonable attorney's fees, with interest as provided in Paragraph 4 accruing on the entire amount until paid.
9. BIDDING IN THIS AUCTION SALE CONSTITUTES ACCEPTANCE BY THE BIDDER OF ALL THE FOREGOING TERMS OF SALE.

## FOR SALE INSTANT COPY CAMERA

Your own "Jiffy Camera Shop" can produce within minutes, pictures of coins, stamps and make permanent records of these valuables in the privacy of your own home, office or on a bourse floor.

Our "Custom-Sixty" Polaroid Coin and Stamp Camera Unit, with its own light source, will become a favorite part of your hobby. Did you ever need a picture on a Saturday night? After going out for film, taking amateurish pictures, waiting for them to come back from the shop a week is shot.

With the mobile "Custom-Sixty" Polaroid Unit, one inserts the film pack, places the coin, turns on the light switch, clicks the shutter and in the time of a television commercial, your photo is developed, ready for mailing or ready for you to move onto your next project. These photos are useful in offering an item on approval or for illustrating a catalog or display ad. This self-contained unit is pre-focused.

This portable unit uses Type 87 or 107 Polaroid black and white film. The size of the print of the 107 film is  $3\frac{1}{4} \times 4\frac{1}{2}$  inches. This handy camera is not designed for producing color prints or reductions/enlargements. The complete unit measures  $5\frac{1}{2} \times 11 \times 11$  inches.

Joseph Lepczyk International Auctions is the sole distributor of this unit. These units are not available from your local camera store.

Separate cameras must be requested for 110 or 220 volt connections. The price for the 110 volt is \$200 postpaid and the 220 volt unit (usually needed overseas) sells for \$255 postpaid including air parcel post fees.

## FUTURE AUCTION SCHEDULE

Selected auction lots are now being sought by Joseph Lepczyk International Auctions for outstanding Summer public auctions.

Ready to process your lots are: U.S. coin specialist, Craig Whitford, our foreign coin and medal specialist, Ingrid O'Neil, and the latest addition to our staff, Courtney Coffing, former editor of World Coins Magazine and the International Editor of Coin World.

Upcoming sales include our June 28th auction to be held in Lansing, Michigan and our July 27th in Detroit, Michigan, plus a sale scheduled for early October in Lansing. Our July 27th public auction sale will be held just prior to, but not in conjunction with, the American Numismatic Association Convention in Detroit, Michigan. The sale will take place in the evening of PNG Day (Professional Numismatists Guild).

Our July 27th sale will be limited to 1000 lots, divided between U.S., Canadian and World coins, plus ancient coinage. The estimated value of each lot will not be less than \$250. For our other sales, we prefer lots valued at a minimum estimate of \$85 per lot.

Also on our auction schedule is a sale scheduled for November 23rd and 24th in Dearborn, Michigan. This will be in conjunction with the Michigan State Numismatic Society's Annual Fall Convention.

Space should be reserved as soon as possible for these Summer sales. Preference is given to early consignments.

## TIPS FOR SUCCESS BY MAIL BIDDERS

---

Mail Bidders have come to be a substantial part, perhaps 80%, of those winning lots in our numismatic auctions. They have helped to establish our reputation of varied successful sales. In addition to instructions on the bid sheet, we are happy to fulfill reasonable special instructions for our clients.

Bidders find intense competition for especially desirable lots, often clustering in the same price range at or slightly above our estimates. Such estimates are to be used as guides only. Often the final price for popular and high grade material will be over the estimate; in some cases, two or three times over.

In analyzing the results of our past sales, we find that approximately 10% of the lots sell at top wholesale, 80% sell around full retail and the remaining 10% exceed our expectations.

For your guide, we quote some strategies and bidder techniques followed by those who consistently win lots by mail bid.

1. Always read the Terms of Sale and compare rules from various numismatic auction houses. These will vary from firm to firm and also from sale to sale within the same firm. Be aware of Buyer's Fees, Value Added Tax, handling and shipping fees as well as the extent of guarantee, return privileges and late payment or storage charges.
2. Tie Bids are often received in mail bids. Our policy is to award the lot to the earliest postmarked bid. Also considered are those clients who pay their accounts promptly and who do not make capricious returns.
3. Please sign your Bid Sheet and include your phone number. Unsigned bid sheets may not be considered. If we believe a significant bidder error has been made, we will attempt to verify a bid by phone before the closing date.
4. It is a poor strategy to bid at low levels on numerous lots. Those who do so achieve little success. For the auction firm, needless time is spent to process the unlikely bids. Auction firms have learned the practice is counterproductive and lessens the professional credibility of the bidders. Lots bid under 50% of the value or estimate are not recorded; lots under 75% have little chance in bidding competition.
5. It assists the auction firm if the bids are listed in numerical order. Mistakes can be avoided and processing is easier. Always recheck your bid sheet.
6. Do not be afraid to bid over estimate if you feel a lot is worth it. We find that most tie bids occur on lower priced items. Where possible, lots are purchased for mail bidders below their maximum bids. This happens on about 20% of all lots. Once a sale has been called, we cannot increase your bid. We will always try to purchase the lot for you as inexpensively as possible.
7. If you want a percentage increase on any lot or lots, indicate this on your bid sheet. We prefer that you do this on a lot by lot basis on a few lots rather than just checking an overall percentage increase box.
8. Should you wish bidding to stop for you when a certain total has been achieved, we can generally follow your instructions even if you bid up to four times your total limit. We can enter your bids in the bid book or have one of our assistants represent you from the floor. In this manner, you can submit more bids, increasing your chances of success without overextending your budget. This gives mail bidders one of the traditional advantages of floor bidders which is participating competitively within ones means.
9. If you are interested in purchasing just one lot of a type where several similar types are offered, indicate this with special instructions. Just bracket those bids and mark "one only" or "alternate."
10. Known clients in North America only may request permission to view lots by mail until 10 days before the sale date. Photos can also be requested. While there is a shipping or photo charge involved, this may answer specific questions one may have about varieties or condition.
11. Depending on facilities and personnel, it may be possible to arrange telephone bids with the client, to compete with the book bids and floor bidders. Usually there is only one telephone available. Such arrangements usually are for a single coin or grouping of coins.
12. Become a subscriber. This will insure that you will receive catalogs and prices realized by timely first class mail. The prices realized can be a useful study guide for future bidding or purchases. It can also indicate areas where prices are declining or increasing and helps one to evaluate similar pieces in a collection.
13. Should there be any questions about lot descriptions, Terms of Sale, bidding procedures or estimates, please call us at (517) 332-8581 during regular business hours which are 9 a.m. to 5 p.m. EST, Monday through Friday.

## HOT AIR PAGE

We are pleased to once again offer an exciting and diverse auction sale in conjunction with the Michigan State Numismatic Society's Annual Spring Convention. There are items in virtually every numismatic collecting area to tantalize bidders. An index to the lots is provided for your handy reference.

Our March sale in Chicago was a stunning success. Subscribers will be receiving the March prices realized as an insert with this catalog. Generally, the U.S. lots sold to floor bidders at two to ten times our expectations. The world and U.S. gold lots also did exceedingly well. There were respectable results throughout the rest of the catalog. We posted some lots as "No Bid" as we did not accept bids below 50% of their estimate without permission of consignors. Low bids may occur if some lots are unintentionally overestimated or market conditions have changed for a collecting series such as France and the Netherlands.

All successful bidders, except major consignors, were billed in advance of shipment for the March sale. We will continue this policy with our future sales. Bidders should note that a small handling fee is charged on each lot delivered through the mail. This helps cover expenses so that we do not need to charge a buyer's fee or any fee pegged to the price of a lot.

I am pleased to announce a new addition to our auction staff. Courtney Coffing, former International Editor for Coin World, has just joined our staff and will be representing my firm at major shows. We expect to have a great year with Courtney's assistance. Friends are encouraged to look for us at major shows including the Central States, C.O.I.N., CNA and ANA Conventions.

We have recently mailed out a 745 lot Numismatic Literature Mail Bid Sale with a closing date of April 27th. If you are a new bidder or your copy has not arrived, please feel free to write or call for one. While there are some exceptional and desirable lots in the literature sale, many of the lots represent the residue of various numismatic libraries we have purchased over the last few years. We need to clear out the space for offices and for Courtney's library plus two new libraries just purchased.

Bidders and potential consignors, please note our future auction schedule. Several major collections have been consigned to our June and July auctions and we expect more shortly. These include a lovely medieval collection, a museum collection and Russell Clunan's Polish collection. The U.S. section of our July sale is filling up fast. We already have three desirable specialized U.S. collections earmarked for our July sale including early Large Cents, Gold and a Type Collection. The July sale will be conducted the evening of PNG Day just prior to the ANA Convention. This sale is limited to 1000 lots with a minimum value of \$250 per lot. The sale will contain important U.S., Canadian, Ancient and World coins. We are looking for additional exceptional lots for this blockbuster of a sale. Consignors should contact us early to reserve space in this sale particularly for exceptional U.S. material.
